

During the past 28 years of Naval Service my professional experience as a Command Master Chief, Master Explosive Ordnance Disposal Technician, and Master Training Specialist have been continuously improved due to Leadership responsibilities, operational accountability, and superior training opportunities. Throughout my tenure in these demanding positions I have been given additional responsibilities to lead and develop Special Operations warfighting professionals in the successful accomplishment of our mission, goals and strategic plans. I am a seasoned veteran with a consistent record of success in personnel management, team building, EOD Operations, safety and security, counterterrorism and Special Operations Training. A brief summary of my qualifications and experience are listed below:
